

Community Pub List

Using This List

This is the list of all pubs we are aware of which are either community owned, community run, or an active campaign.

The pubs are listed by county in alphabetical order, across all four regions of the UK.

There are four categories of "community" pubs:

- **Community Owned:** A pub where the freehold is owned by a *community group, but the pub may be run by a tenant or manager for the community group
- **Community Run:** A pub where the freehold is owned by private individual or a pub company but leased to and run by a *community group
- **Community Supported:** A pub that is neither owned by or run by a *community group, but where the community played a key role in helping to save a pub, and continue to have an influence on it's future. In some cases a pub which was involved in an active campaign to take into community ownership that was ultimately not successful, and is now not owned by a *community group.
- **Active Campaign:** A pub where there is an active campaign by a *community group to purchase or lease a pub

Types of owner (community owned pubs)

- **Community Benefit Society:** CBSs (or BenComs) are co-operatives, owned and controlled by a significant number of local people
- **Co-operative Society:** Registered under the same legislation as a Community Benefit Society, and so identical to a CBS
- **Community Interest Company:** CICs are social enterprises that use their profits and assets for the public good.

- Private Limited Company (1): A Private Limited Company that is considered to be community owned because there are a significant number of shareholders, and because of the aims and objectives of the organisation are to run the pub for the benefit of the community.
- Parish Council

*community group: A Community Interest Company, or a Community Benefit Society, or a parish council, or a private limited company with a large number of community shareholders.

Kings Arms Hotel

Community Owned, Private Limited Company (1), The Ballantrae Trust, 2020

The Kings Arms had been up for sale for about 5 years. It's offering had been shrinking. It's the last pub in the small rural village of Ballantrae in South Ayrshire. Ballantrae Trust mounted a Community Consultation. 312 people responded with 90% in favour of purchase, 3% were against and 7% wanted to know more. With support from The Scottish Land Fund and local wind farm community benefit funds the Kings Arms was purchased and came into community hands in September 2020. Throughout the pandemic volunteers - many of whom hadn't volunteered before - did some basic (socially distanced) upgrading work to the bar, lounge and kitchen to allow the pub to open for drinks at the end of April 2021 and for food in early August. The next stage will be to upgrade the letting rooms and resurface the badly rutted car park. Community Shares totalling around £60,000 have been purchased by over 220 residents, family and friends to secure the future of the Kings Arms. We have just extended opening hours from 4 days to 7 days per week with food available on 6 days. The new revitalised KA will help to combat social isolation.

Bevy

Community Owned, Community Benefit Society, Bevendean Community Pub Limited, 2014

The Bevy, Brighton is the UK's first co-operative pub on a housing estate. It is funded by over 700 shareholders and was re-built and decorated by an army of volunteers. Today, it still relies on these volunteers to chip-in with the day-to-day running of the pub, whether that's mowing the lawn, touching up some painting, or glass collecting when they're busy. They successfully raised £200,000 to reopen the pub back in 2014, and a £175,000 grant enabled them to do even more. They now have their own wheelchair accessible 'Bevy Bus' that picks up local residents for their Friday lunch club, brings their sponsored university rugby team back to the Bevy post-matches, and takes Albion fans to every home league game. They've also built a training kitchen, where they're teaching young people to cook, spruced up their edible pub garden, and introduced a £3.50 community meal every weekday lunchtime.

Dyke Ale House & Kitchen

Community Supported, Real Estate Company, LAN Estates Ltd,

Group tried to save/buy iconic pub, turned overnight into a furniture shop in 2016. They failed but the future of the pub has been secured by a 15 year lease.

2021-05-27 The Plough Potten End Community Interest Group started a campaign to save pub in 2020. They are currently opposing a planning application for change of use to a residential dwelling. See <http://www.communityplough.co.uk/>

Red Lion

Community Owned, Private Limited Company (1), Owned by village shareholders, 1983

The Red Lion became the first community-owned pub in Great Britain; an idea that has been replicated many times since. But what the villagers of Preston achieved in 1982 was ground breaking. A Board of Directors was created and a call was raised in the village to come forward with any skills and talents that were needed to carry out the substantial alterations, repairs and refurbishments that were necessary. Materials were sourced from all over the country and the bar itself was an old church pew from Yorkshire. The project is still successfully running today – run by a Board of Directors from the village in conjunction with Managers, Ray and Jo Lambe – on behalf of the shareholders and other customers alike and is a huge testament to Preston's community and entrepreneurial spirit. The Red Lion is alive and well and has never been better.

Trawden Arms

Active Campaign,

2021-05-05 A community group in Trawden are attempting raising enough funds, to be the only village in the UK with a community-run pub, shop, community centre and library. The Trawden Arms was listed as an Asset of Community Value in March 2020 and the community now has until the end of May 2021 to raise enough money to buy the pub and keep it in community hands. A Community Benefit Society has been formed which will effectively see the residents holding shares in the pub. There is a full prospectus and business plan available on the website and the scheme is regulated by the Financial Conduct Authority. See www.trawdenarmsmorethanapub.com.

The freehold was purchased by the Gunnerside Community Benefit Society in April 2020

George & Dragon

Community Owned, Community Benefit Society, Hudswell Community Pub Limited, 2010

The George & Dragon is the only pub in Hudswell and the first community-owned public house in North Yorkshire. It was also selected as CAMRA's National Pub of the Year in 2016, the first community-owned pub to win the award. When the George & Dragon pub in Hudswell closed in 2008 it left the small North Yorkshire village with no other facilities for its residents apart from a village hall. Within two years, the community banded together to form the Hudswell Community Pub Ltd group and bought back the pub, re-opening in June 2010 after extensive renovations. The community was determined that the George & Dragon would offer far more than a traditional pub. As well as acting as a meeting place and venue, it is also home to the village library, a local shop staffed by volunteers, community allotments and free internet access for its patrons.

Travellers Rest

Active Campaign, Property Developer, Euro Property Management Ltd,

2021-04-27 Skeeby Community Pub Society has reached an agreement to purchase the Travellers Rest from the current owner. Their share sales have now passed the £100k mark. They only need £125k to complete phase 1 - the purchase of the Travellers Rest – as a £50k Community Investment Fund (CIF) grant from the local Council will bridge the gap to the £175K purchase price. Phase 2 will then, they hope, take investment to the estimated £275k total needed to complete refurbishment aswell. See <https://www.facebook.com/TheSkeebyCommunityPubSocietyLtdTheTravellersRest> and <https://www.thetravellersrestskeeby.co.uk/>.

White Swan

Active Campaign, Individual,

A group of villagers have launched a campaign to save their pub from being converted for residential use. The White Swan at Thornton-le-Clay, near Malton, closed in March 2020 after the last tenants did not renew their lease and the owners of the building put it up for sale. The new owners have submitted a planning application to change its use to residential and convert it into a five-bedroom home. A Save Our Swan group has been formed to lobby Ryedale Council to reject the planning application and list the pub as an Asset of Community Value.

Raven Inn

Community Owned, Community Benefit Society, Raven Mad Limited, 2009

The Raven Inn pub closed in 2009 and was destined for conversion into housing estate when it failed to reach its reserve price at auction. The local community decided to buy back the pub with the help of the TV programme "Save our Boozer". A company 'limited by guarantee' was set up to run the pub, Raven Mad Ltd. The Raven Inn is now staffed entirely by volunteers and any profit must be used to fund village community projects. They pride themselves in serving as much local produce as possible and one of their three real ales is always brewed by Cwrw Iâl which is made just up the road by their sister community company.

Tyn-y-Capel

Community Supported, Private Limited Company (2), Tyn Y Capel Limited,

The pub was purchased by a CBS Minera Community Limited in 2012, but they had trading problems, and deregistered in 2018, with the pub being sold to Mr Duncan Beaumont. The community group continues to support the pub.

Hour Glass Inn

Active Campaign, Pub Company,

As the future of the Hour Glass Inn is uncertain, a new community group, Ourglass Exeter, has been set up looking at different options, including the possibility of it becoming a community-owned pub. The pub has been designated as an Asset of Community Value by Exeter City Council. The pub's owners Stonegate are currently advertising for a new tenant/leaseholder to run the pub, but could consider selling the pub if they fail to find a new operator. To look at the viability of the Hour Glass becoming a community owned pub, the group is now seeing what interest and support there is, and is launching a consultation. See <https://www.facebook.com/ourglassinexeter> for more details.
